Hello friends!

During the IFGE Convention in San Francisco last April, Dr. Roger Peo and myself were discussing the need in our community for a good referral system of therapists and counselors around the country who were familiar with gender issues and could truly be helpful to gender challenged people. ETVC often has requests on the other end of the hot-line from people who are looking for a helping professional to make their gender path a little smoother, and sometimes this need is critical. (And they are in Texas or Maine!)

Who would know better than the crossdresser support groups which names should appear on such an important referral list? Would you be so kind to list at least two helping professionals in your area for this purpose and return this sheet to us at the above PO Box? We would like to extend our International Group Support Directory to include this list for everyone's use. Please give us the following information:

Examples:	Mildred L. Brown, PhD. 700 W. Parr, Suite F Los Gatos, CA 95030 (408) 249-2205 Specialty: Transsexuals & Wives	Luanna L. Rodgers, MFCC 4148 - 24th Street San Francisco, CA 94114 (415) 641-8890 Specialty: Transvestites & Couples
-----------	---	---

After ETVC does all the leg work here, Dr. Peo will clear it with the pros to be sure they approve this listing, so everything will be official. Thanks for helping ETVC to provide another service reaching out to the gender community with love.

*Dixie Knott - ETVC*
