NOTHING LIKE A DAME!

9/5/33

VICE SQUAD police were shocked yesterday after they rounded up 49 glamorous prostitutes . . . and found that none of them were women.

They were all sex-for-sale transvestites, dressed up in their Sunday

best in a crowded park in Florence, Italy.

A police spokesman said: "You can't tell easily these days whether a prostitute is a man or a woman. Transvestites are often sexier and more feminine looking."
