Dear Mr. Sullivan:

Thank you for your letter of August 5, 1989 and for the copy of your article which was included with it. I have just returned from the Harry Benjamin International Gender Dysphoria Symposium in Cleveland, where I saw the videotape that you made with Dr. Ira Pauly. I thought that this was an excellent videotape and that the educational merit of it was very great indeed.

I am enclosing a reprint of an article in which I had a very short description of your case history. I also have a book chapter currently submitted for publication, in which I have a much longer description of your story.

I hope that this letter finds you in improved health.

Very truly yours
