Dear Lou,

9-1-88

see enclosed.

How are you doing?

I am having an ite.

My lover (you sat with him at ETUC) was
diagnosed #105 this week but in telling
things well -- he remembered how "normal"
you were about it.

Take care

Love

Paul

9/17/88 Paul -

Made me so angry to hear your lover's
been diagnosed. I'm continuing to do
very well. Thanks for forwarding the
letter from the F → M. Love to you
and your honey,

Lou
