

Dear Lou 2, 15, 199

WHAT MILWAUKEE'S FASHIONABLE LIBRARY...
Four staff members of the library's cataloging department posed in bookish surroundings for this 1905 photo. Back in the Milwaukee Public Library's catalogs were in book form.

Tim Hancock said this eve
he has some old GPU NEWS
Eldon said he had them hauled
away before he moved. I will
keep looking at 3125 for the
goodies for you.

I am back on AZT after having
been off since 1,11 when dr.
stopped it because it was
dropping my red blood cell
count. I go see the Dr tomor
row. The leg sometimes is like
back in August, a few hours
latter working ok again.
It tirsers out easily too.

Your Valentine, Alyn Hess
