

Dear Louis,

Sept. 6, 1982

Just a short note to request your permission to submit your name and description to the Book of Lists for publication in their 1982/3 issue as follows:

"Louis Sullivan - a gay female-to-male-transsexual man who was sex-reassigned at the Stanford gender program in California. Louis ~~used~~ was the former "Editor of 'The Gateway', a transsexual newsletter published by: The Gateway Gender Alliance, and the author of a booklet called, 'Information For The Female-to-Male' ~~transsexual~~ December 1980, distributed by: The Trans Information Facility, 1952 Union Street, San Francisco, California.

Louis considers himself as a gay man and is currently living with a ~~trans~~ male homo-sexual lover. He was, ^{unfairly} denied the phalloplastic operation (surgical construction of an artificial penis) by the Stanford gender program on account of his male homosexual orientation."

O R, please submit your own mini-personal
