Dear James and Denis:

1987.
1986.
I was a friend of Lou's and had correspondence with him since ~~1984~~. I am interested in having you send me my correspondence file, at the above address. I have enclosed \$20.00: please take \$1.25 of it to process sending me my file and use the rest as a donation for the FTM newsletter. As Lou wished, I also wish it continues.

Thank you so much for taking on the leadership which Lou passed to you two. I know you will have your hands full with filling the shoes of this extraordinary man. I miss him so much and I continue to grieve. But through it all, I feel Lou's strong spirit near me, continuing to guide me and other FTMs.

Perhaps you will it quietly and connect with Lou as I do and it will strengthen you in the work and struggle ahead.

The enclosed letter is for publication in the next FTM.

Once again, thanks.

All the Best,

Bet Power
