## Welcome to Fantasia Fair 1996

The Fantasia Fair for 1996 opens today with full houses and many smiles of the participants. Some returning from previous Fairs' and some are new to the unique experience of Fantasia Fair.

Each evening you will be able to pick up this paper with a listing of the next days events and special messages, stories, and commentaries on the activities of the Fair.

Today's list, as you can see, is massive. There are so many things to do we advise all fair goers to plan their day to include as many of the activities as possible.

Remember, you are not alone in Provincetown, but part of a large and wonderful group of people who are working hard to make your stay memorable. There are your house sisters and house mothers, there are the Inn keepers and the local merchants who will all try to make your stay wonderful, exciting, and unforgettable.

*Some Do's:* Do go into the stores as there are some great buy's and some very pretty jewelry. Plan special dinners for later in the week with your house sisters, be part of the Fashion Show, the Follies, and be sure to attend the Fantasy Ball.

*Some Don'ts:* Drive around town it's too crowded, instead enjoy the sea air as you walk along the streets. Don't be afraid to contact the Police for they are there to help you in any emergency.

Don't be afraid to leave your Inn because the best part of Fan Fair is getting out being seen and seeing all of the beautiful people and places of Provincetown, be part of society, be part of reality.

And, don't be afraid to introduce your self, you may find some very special friends with whom you will share many adventures and lifetime memories.

The more you are involved, the more you will grow and find more personal freedom. Have a great Fair. KR

### Call for FASHION SHOW participants

Now is the time to sign up to join those beautiful ladies as they walk down the runway displaying the latest and most elegant dresses, gowns, sports clothing and accessories. *Sign-up at Pilgrim House, Vixen Rm, 3:15 Monday afternoon*

The Fantasia Fair Fashion Show is the only place to be on Tuesday evening. It is a show to be a participant in because after the show you will truly feel a high you have never felt before. The applause and approval you receive from the audience is unbelievable, many participants finish the evening in tears of joy that carry on throughout the Fair. Believe me, my first Fashion Show helped me come back to the Fair for 7 years and all were good luck years and years of great joy. KR

### Volunteers, Volunteers !!!

Are needed to help with just about everything including Reporters for this paper. Help the Fair and have fun being a volunteer, you might even get your name in this paper and you will surely get the thanks of the staff. Please stop by the Fair office or see Janet Green, Volunteer Coordinator.

### GRIN & BEAR IT

Frankie ! are you wearing your sisters furs, Again ?

### Lost, Dazed, or Confused ?

If you are lost, dazed, or confused there are many people at the Fair who can help you.

The Fan Fair Staff is available, every day, at the Pilgrim House. Your house Mother is most probably a veteran of past Fairs and is ready to assist you, either on the street or in your house.

Provincetown, itself, is a very diverse community. The Provincetown Police Department is helpful, knowledgeable, and experienced, just dial 911 if you need assistance or flag down an officer at any time.

The Chamber of Commerce and all local merchants welcome you. Besides giving them business, we definitely add delightful color to the area. You should not encounter any problems while shopping in, or visiting town.

The potty question is easily answered, most Provincetown rest rooms are unisex so please use the facilities you and others around you are most comfortable with.

We are guests here and we all represent Fantasia Fair. We should conduct ourselves with that in mind. Enjoy yourself, you are with many friends and in an open town that accepts us. BV
