NOTICES OF INCREASE & RENEWAL

Re: Annual Membership & Newsletter Subscription

JAN 1986

Please note: the annual membership dues and the non-member newsletter subscription have been increased \$3, respectively, as of Dec. 7, 1985. The new membership fee is \$28 (for 12 months) and the new non-member newsletter subscription rate is \$18 (for six issues published bi-monthly). Foreigners (outside of Canada and the United States) please add \$3 extra, for memberships or non-member newsletter subscriptions, to cover the cost of additional postage. Thank you. Please note: the \$3 increase reflects the recent rise in postage (an additional 2¢ as of last June) and the not-so-recent rise in federal sales tax (an additional one percent as of last January), as well as the extra cost of reproducing two more pages--to be added to the 1986 newsletter, making it a total of 14.

W-F #501

Please note: your annual membership or non-member newsletter subscription is expired as of Dec. 31, 1985--unless otherwise specified (on the reverse of this notice). Please remit payment as soon as possible in order to ensure your renewed status as a member in good standing or as a non-member newsletter subscriber. Please note: if you have already recently renewed your membership or non-member newsletter subscription for 1986, please remit the additional \$3 increase. The renewed interest and support of our members and non-member newsletter subscribers is greatly appreciated! Thank you kindly!

REQUEST FOR NEWSLETTER SUBMISSIONS

The Editor requests the submission from our readers of the following items for publication in our bi-monthly newsletter (which is, in actuality, a newsmagazine) for female-to-male transsexuals, their 'significant others', and helping professionals and para-professionals: poems, cartoons, drawings, photographs, personal profiles, book and film reviews, letters to the editor, notices of upcoming or recent events (of transsexual and professional organizations), notices of upcoming or recent television and radio interviews (with transsexuals and professional sex researchers), newspaper and magazine clippings (for paraphrasing or possible reproduction, with permission of the publisher/editor), articles, editorials, news, information, etc.--especially regarding the medical, legal, psychological and sociological aspects of F-M TSism. Thanks!

--Rupert Raj, Executive Director

Dear Jon:

Thanks so much for your reviewer copy
of your handbook. I was really impressed!
It's not much of a review (I'm not much
for reviewing - it's so time-consuming -
about as a year is all I can manage) but, at
least, the table of contents are published -
which may help to sell the booklet. Also,

I hope the new ad you sent reproduces
better - we can't afford to use offset printing
so we use photocopying reproduction
I'll send you a photo of [redacted] and I
in February. Last year, I didn't send
out any cards.

Hope your book sells well. My
manuscript won't be ready for another year or so,
I can't imagine.
Take care now.

Love and Peace,
Rupert
