Dear *Louis*:

Please forgive the format of this "personal" form letter but I just do not have the time right now to write to each one of you subscribers individually. My sincerest apologies but I am sure that you will excuse me once you know my ever-hectic work schedule:

edit METAMORPHOSIS

Mon., Thurs. & Sun. evening: ^Anewsletter, business/personal correspondence, write original TS articles, read TS & professional publications, write my autobiography, etc.

I also indulge in three new/recent hobbies: calligraphy (beautiful writing), haiku (Japanese Zen poetry), teddy bear collecting (antique & modern; clubs/newsletters). ^{↳newsletter}

I am guest-appearing with two M-F TSs on a television program called, TEMPO ONTARIO, Channel 13, Thurs., Oct. 21, 10:30 am., in Kitchener, Ontario. (The show is broadcast in various cities throughout Ontario).

I am invited to attend a Hallowe'en party hosted by a M-F TS friend in Bramalea, Ontario, on Sat., Oct. 30. (I think I will wear blue jeans and my black leather jacket in lieu of my usual three-piece business suits).

I have been consulted for my expertise and personal experience on various aspects of female-to-male transsexualism by a playwright and a musical composer here in Toronto, who are planning to write/compose a musical play (drama with comic relief) about a male-to-female transsexual.

I attended the grand opening of the ROYAL ONTARIO MUSEUM in Toronto on Friday, Sept. 24; prior to this, I attended the special exhibit held at the ONTARIO SCIENCE CENTER, in Toronto, "CHINA: 7,000 Years of Discovery." The latter exhibits were far more impressive and interesting than the former

NOTE WELL: I am planning to turn my counselling-educational services into an incorporated, non-profit, medical research foundation (for gender-dysphoric and genitally-deficient men) as of January 1, 1983. The primary aim and objective (among several others) will be the soliciting of funds to fund research in the design and construction of an external penile prosthesis.
