Dear Paul -

Thanks for the letter of referral.

It is amazing how alive I feel just knowing this surgery can happen soon. I thought you were going to mention in your letter that I'm a gay man. No matter - Brownstein doesn't mind. You suggested I contact W Pomeroy for my 2nd referral - but don't you remember making a copy of the referral letter he gave me? He did mention that I'm gay. In a way your letter is my 2nd referral. I'm also getting one from Lin Fraser for good measure. I'll keep you informed.

Love
