Dear Paul -

Needless to say, I was dumbfounded to receive your letter of "retirement." Not only do I feel bad ~~to~~ losing such a valuable asset to ~~the~~ ^{our} gender ^{world} profession, but my concern for you as a friend is ~~haunting~~ ^{paramount}. I hope things are OK ^{with you}.

I wonder about your future and if you'll still be with the Palo Alto Clinic. I've already had calls from F→M's asking "Who else is there?" Do you have Can you tell me where to send them ~~to~~? Often times they prefer a male therapist.

I'll keep you on our FTM mail list, ^{Paul,} so you'll know where to send inquiries. And you haven't heard the last from me, either!

Much love,
Your friend,
Lou S
