

time, see that the leaflet in Carol's hand said "Zionist." Ms. Lougher said "we approach things from a class angle" then went on against the "Jews." Hitler approached the "Jews" from the same "class angle." Ms. Lougher either is in need of more people's information or she is nothing but an anti-semitic racist.

George Kauffman

## Down With MUNI, Up With R. A. Wilson

Just a note of appreciation for the Barb. I especially liked your recent coverage of the MUNI mess (Nov. 12), though there is so much that you do that nobody else seems to do, that I hesitate to single out particular pieces.

I work closely with San Francisco's Peoples Temple, and its dynamic minister Jim Jones, about which the Barb wrote a few months ago. Just the other day I was talking with Jim, and he brought up Robert Anton Wilson's tremendous little piece on *None Dare Call It Witchcraft*. Jim thought it was especially significant, and has been talking about it to the congregation. I hadn't noted this book reviewed anyplace else. If Mr. Wilson is around, please convey Jim's thanks for that review, and for his perceptive commentary. And thank you for carrying it.

Peace,

## Transsexualism, Trans-Sexualism & Transsexualism

We noted with relief that the Barb spelled transsexualism with one "s" recently (Nov. 5) as this is the way most transsexuals and surgeons now spell the word.

However, we also noted that you spelled transsexualism with two s's, as in "asshole," in the John Bryan interview with Citizen Dain.

It was apparently appropriate. Transsexualism, transsexualism and trans-sexualism are equally correct, but "transsexual" is now preferred among most except by the mass media.
